

Flexible Lasallian Education through Technology and Collaboration at Home
(FLETCH)
HOME BASED ONLINE LEARNING (HBOL)

FLETCH-HBOL, La Salle Green Hills' online learning modality, provides learner-driven collaborative experience where meaningful learning opportunities centered on the Lasallian core values are created and supported in a safe environment.

It offers a full online learning modalities approach for Grades 7 to 10 (Junior High School) that is learner-centered, facilitates critical and creative thinking, encourages collaboration, provides relevant feedback and support during the learning process, and applies learning in real-life situations in pursuit of social transformation.

Enrollment to HBOL is open to applicants who are in the Philippines when they enroll or can present a Certificate of Residency in the Philippines upon enrollment.

Our HBOL students have access to library resources, online platforms, and Ranger 360 (Learning Management System). They will also follow the same class schedule with onsite classes.

For extra-curricular activities, our online students can join clubs outside LSGH. Moreover, in lieu of membership and attendance in onsite clubs, online students attend their online Productive, Responsible Engagements and Talent Stewardship (PRETS) period where they engage in various activities catering to various interests and hobbies.

To know more about our innovative online modality, contact our Admissions Office at admissions@lsg.edu.ph | +632 87212000 local 310, +632 87260865, +63 9176766379 or the Home Based Online Learning (HBOL) Office at +632 87212000 local 395. You may also send an email to our HBOL Coordinator at hboloffice@lsg.edu.ph.
